

Seerah: Early Madina Exam Study Guide

Topic: Hijra

Mention a story from the hijras of the sahaba.

Abu Salama/Umm Salama:

- the first to make hijra, before the command even arrived
- Abu Salama left alone after tribal disputes between Banu Makhzum and Banu Asad separated them and their child
- Umm Salama was held by her family for a year before she was given her son back and allowed to go to Madina
- Umm Salama set out alone but Uthman ibn Talha abi Talha escorted her out of conscience. He was very respectful despite being non-muslim at the time

Umar RA and the 20 companions who went with him.

Iyaash, being taken back by Abu Jahal and then having to sneak out

What are some of the spiritual benefits of hijra?

- 1: It kills of hypocrisy (due to the large sacrifice it entails)
- 2: It is a metric for the ummah's ability to spread the deen/impact society
- 3: It tests a person loyalty and commitment to Allah

What are two lessons we can take from the hijra of the Prophet ﷺ and sahaba from Mecca to Madina?

- 1: Giving things up for the sake of Allah and not looking back (the Prophet ﷺ and sahaba took this so seriously that on the outside it looked like they disliked Mecca)
- 2: Building up the habit of making sacrifices in our daily lives by habitually giving up sins and unnecessary comforts (the greatest hijra is the hijra of sins)

What was the plot that led up to Prophet ﷺ receiving command from Allah to make hijra?

Meccan leaders plotted the assassination of the Prophet ﷺ

- in Dar Al Nadwa

- Initially planned to imprison or expel him
- Shaytan appeared before them dressed like a sheikh from Najd
- Abu Jahal suggested assassination, but nobody wanted to take responsibility, fearing tribal pushback from Banu Hashem
- Abu Jahl proposes that one person from each tribe stab him and Shaytan supports it
- Allah gives the Prophet ﷺ command to make hijra

Who did the Prophet ﷺ take with him on his hijra? Who did he leave behind and what task did he give him?

Abu Bakr. Abu Bakr was already waiting for the Prophet ﷺ to receive command. He left behind Ali RA. Ali was told to sleep in his bed the night of the planned assassination, and given the task of taking care of the people's amanah (which they had left with the Prophet ﷺ)

How did the Abu Bakr take care of the Prophet ﷺ at Ghar Thawr?

The Prophet ﷺ became injured and Abu Bakr carried him up the mountain. He used his own clothing to plug holes in the cave. Despite this there was one hole left, which he covered with his foot. He was bit by a scorpion 13 times.

Mention Asma bint Abu Bakr's role in the hijra of the Prophet ﷺ and Abu Bakr.

Asma brought them food while they were at the cave and was interrogated/struck by Abu Jahal. She was 17-18 yrs old, and around 8 months pregnant. She received the nickname Dhat Al Nitaqayn from the Prophet ﷺ for how she ripped her clothes to form a belt to take the food with.

Who was their guide? Abdullah ibn Uraiqit

Who covered their tracks? Amr ibn Fuhayra

What was the bounty placed on the Prophet ﷺ's head? 100 camels.

Which ayah did the Prophet ﷺ recite for protection at Ghar Thawr?

Surah Yasin, Ayah 9. "And We have put a barrier before them and a barrier behind them and covered them, so they do not see."

After leaving Ghar Thawr, the Prophet ﷺ and Abu Bakr had one more threatening encounter. What was it and how did they escape?

They had an encounter with Suraqa ibn Malik.

How: News of suspicious figures reaches Suraqa ibn Malik. Suraqa realizes it's the Prophet ﷺ and Abu Bakr in the desert. He gets up discreetly to try to get the bounty of 100 camels

What happened: Suraqa reaches them and tries to attack despite his arrows telling him otherwise (jahiliya decision making method). Then Abu Bakr notices and the Prophet ﷺ makes dua for help. The sand turns into quicksand and Suraqa gives up.

Outcome: He negotiates with them and becomes their protector. He covers up their tracks and distracts anyone else who catches on to them.

What were some strategies the Prophet ﷺ used to maintain secrecy during his hijra?

1. Visiting Abu Bakr (to ask him to join him) at the hottest time of day
2. Going south to Ghar Thawr since Madina is north
3. Leaving his family behind (so that the Quraish don't become suspect)
4. Utilizing guides/experts, diligently covering his tracks
5. Generally, hiding details and using deception where needed (Asma did not know where they were for 3 days + ambiguous answers given throughout events in the hijra)

What are some miscellaneous events which took place during the hijra?

1. A man recognized Abu Bakr RA and they get away without him recognizing the Prophet ﷺ
2. Stopping at the house of Umm Ma'bad (miracle of goat milk, description of the Prophet ﷺ)
3. The islam of Burayda ibn Al Husaib and his tribe Al Ghameem (largest tribe to convert all at once)
4. Talha and Zubair come to the Prophet ﷺ and Abu Bakr and give them fresh white clothing before they enter Quba
5. Sending sahaba to bring the Prophet ﷺ / Abu Bakr's families
 - Zaid ibn Haritha + Abu Raqa: bring the Prophet ﷺ's daughters
 - Talha + Zubair: bring Asma and Aisha

Topic: First Days in Madina

Where did the Prophet ﷺ stop before entering Madina? What was the reaction of the muslims?

- The Prophet ﷺ and Abu Bakr stopped at Quba first
- The muslims were anticipating their arrival: they would walk to the outskirts of Madina to check every day
- However, when they finally arrived some of the Ansar did not know which of the two was the Prophet ﷺ
- They realized after Abu Bakr RA took off his shawl and put it on him
- Narrations mention that they were very excited and sang poetry

Who were the two people who hosted the Prophet ﷺ while he was at Quba? How long was he there for

Khultum bin Al Hadham: the Prophet ﷺ stayed in his house, and the masjid was built on his property

Saad ibn Khaithama: the Prophet ﷺ received guests at his house

Most accurate narrations state he was there for 10-14 days.

How was Masjid Quba built? Why is the masjid significant and what are some of its virtues?

- The masjid was built by the Prophet ﷺ himself
- It is the first masjid to ever be built
- The Prophet ﷺ used to walk to it every Saturday
- Praying in it holds the reward of umrah

What is the geography of Madina like? How does it compare to Mecca and why was it ideal for building the muslim community?

Harras (volcanic fields) to the east and west, gardens to the south, and Mt. Uhud to the north. It is colder and geographically more fortified than Mecca. To the west there is also a "highway to Sham" which allowed them to conduct caravan raids.

What was the previous name of Madina and what did the Prophet ﷺ change it to?

Yaathrib, meaning sickness. Changed to Thaaba, meaning pure. The city was known for causing illness, however the Prophet ﷺ wanted it to be known for good things.

How did the Prophet ﷺ choose which house to stay in when he first got to Madina? Which house did he pick and what was significant about it?

The Prophet ﷺ let his camel pick. The camel sat in front of the house of Abu Ayoub Al Ansari. It was originally made by King Tubba for the coming messenger and passed down across generations.

What did the Prophet ﷺ prioritize in his first days in Madina?

- 1: Akhlaq (character)
- 2: Aqeedah (creed)
- 3: Ahkam (rulings)
- 4: Community with the masjid as its center

How was the location of Masjid Nabawi decided? How was the land acquired and then prepared?

It was also decided by camel. The land was originally in the possession of two orphan brothers from Banu Najjar, who gifted the land to the Prophet ﷺ. Sahaba prepared the land by digging up the graves that were there.

What are two things the Prophet ﷺ did to strengthen the muslim community in Madina?

- 1: Building a masjid - the first thing the Prophet ﷺ did was establish Masjid Nabawi
- 2: Brotherhood - the Prophet ﷺ joined the Ansar and muhajireen by pairs

What did the brotherhood mean to the sahaba? When else did the Prophet ﷺ use this tactic?

Mutual support and hosting - the ansar prioritizing muhajireen over themselves
Legal and social implications - shared family ties, inheritance until abrogated
Strong bonds between them and their families - continued after the brotherhood was not mandated

The 3 times the Prophet ﷺ used brotherhood

- 1: In Mecca: support someone needy
- 2: During Hijra: buddy system
- 3: In Madinah: pairing ansar with muhajireen

Who were the ashab al suffa? The poor sahaba who lived at Masjid Nabawi.

What were the reactions of the Jews in Madina to the Prophet ﷺ's arrival?

Some were pleased and others were not. Many of them had been waiting for a messenger. However only a few accepted Islam once they confirmed his identity (ex: Abdullah ibn Salam, Maimun ibn Yameen) and while others denied his prophethood or refused to accept Islam out of arrogance. (See 'Entry into Madina' tab and 'Treaty with the Jews' tab)

What are some of the virtues of Aisha RA?

Teaching, hadith narration, wisdom and knowledge (often consulted by other sahaba), generosity, rank as one of the best women to exist

What are the two academic approaches to Aisha RA's age at marriage? Which of the two is more valid?

- 1: She was 6 at the age of contract and 9 at consummation (more valid, academic consensus)
- 2: She was 17-18 (less valid)

Several of the muhajireen fell ill after making hijra due to the water/climate of Madina. What can we learn about the sunnah of Allah?

Things get more difficult even after sacrifice. This is the sunnah of Allah, to be tested on our resilience. Sacrificing for Allah's sake does not mean that things will get more comfortable.

What duas did the Prophet ﷺ make for Madina and when?

He made dua for the harvest to be plentiful, for Madina to be as safe and for it to be made beloved to the people like how Mecca was on the dua of Ibrahim AS. This dua was made on the first harvest of the year, which the Prophet ﷺ would gather the people for.

How did the athaan come to be? Who brought the idea to the Prophet ﷺ?

The sahaba were brainstorming ways to gather the people but were unable to decide and went to bed. That night Abdullah ibn Zaid had a dream of a man calling the athaan. He informed the Prophet ﷺ of it the following morning. Umar RA had a similar dream but came to the Prophet ﷺ a bit later.

Who was the first muaddhin? Who were the 4 main muaddhin?

In Madina: Bilal (first) and Abdullah ibn Umm Maqtum

In Mecca: Abu Madhura In Quba: Saad ibn Khaitama

Mention the story of the Bi'ruma well (why and how it was bought, who bought it)

The Prophet ﷺ wanted to buy the Bi'ruma well due to difficulty securing water in Madina. It was originally owned by a man who was very reluctant to sell it. The Prophet ﷺ promised a spring in Jannah for the well, but the man still refused. Uthman RA ended up purchasing it for 35k dirhams, hoping for the reward.

Mini Topic: New Commands

How did the Prophet ﷺ express his longing for the Kaaba? How did Allah acknowledge it?

When the Prophet ﷺ was in Mecca he would pray facing Jerusalem but with the Kaaba in between. After moving to Madina, he continued to miss and face the direction of Mecca.

Allah acknowledges the Prophet ﷺ's longing in Surah Baqarah Ayah 144-150 where he commands the change of qibla: *Indeed, We see you 'O Prophet' turning your face towards heaven. Now We will make you turn towards a direction 'of prayer' that will please you. So turn your face towards the Sacred Mosque 'in Mecca'—wherever you are, turn your faces towards it. (2:144-150)*

What are some wisdoms of the qibla changing from Bayt Al Maqdis to the Kaaba?

- 1: Worship of Allah not his symbols
- 2: Reorienting the Prophet ﷺ and the muslims to focus on Mecca instead of Jerusalem
- 3: Distinction from previous religions
- 4: Filtering out the hypocrites.

In which year and through which surah was zakat made fard?

2 AH, Surah Baqara Ayah 177

Briefly mentions the two phases in which fasting was made fard.

1: Fard fasting of Ashura. About Ashura: a day that Allah saved many previous prophets from calamities (parting of the sea, saved from the flood)
2: Fard fasting of Ramadan. Ashura becomes sunnah. Some ambiguity within this phase, because it started strict then got more lenient (to the command we follow now). Debated if there was a middle phase or not. Zakat al fitr also paid for the first time.

What are some of the sunnahs and etiquettes of the Eid salah?

Taking different routes while going and returning, praying outside, gathering all of the community, making ghusl, dressing well and smelling pleasant.

Topic: Military Expeditions

What does the word jihad mean? What are Ibn Al Qayyim's 4 types?

It comes from jahada, meaning struggle

1: their nafs (self) 2: shaytaan 3: kuffar/munafiq 4: innovators

What are some of the virtues of physical jihad?

- Dying in the path leads to removal of all sins
- Jannah from any gate
- Wounds present on the DOJ as a sign of honor
- Reward of defense worth more than 60 yrs of worship

What does shaheed mean? What are some ways a person might be considered a shaheed?

Means to witness. Dying in the service of deen, seeking knowledge, in battle, while serving people, while protecting oneself, with extreme pain or difficulty, childbirth or pregnancy, drowning.

What happens to a muslim country that neglects jihad?

The sunnah of Allah is that the nation will be destroyed. They should not feel comfortable neglecting defense.

Mention some of the rules of war in Islam.

Call people to islam, and if they reject, offer a peace treaty. Provide advance notice when applicable. Cannot kill women and children, plants/trees. Cannot fight with monks/monasteries. Prisoners of war must be fed and clothed the same.

What was the command of Surah Hajj Ayah 39-40? How did this change the focus of the Prophet ﷺ and sahaba?

“Permission ‘to fight back’ is ‘hereby’ granted to those being fought, for they have been wronged.” Allah grants the Prophet ﷺ and the muslims permission to fight back against the kuffar who pushed them out Mecca. From the moment of this revelation, nearly all of the Prophet ﷺ’s remaining years of life were spent in battle. Their focus was shifted to military expeditions.

Explain the difference between a ghazwa and a sarriya. How many of each were there?

Ghazwa: military expedition where the Prophet ﷺ participated. 27 total

Sarriya: military expedition where the Prophet ﷺ did not participate and delegated. 57 total

What role did the flag bearer play in a battle/expedition?

The flag bearer held one the most important roles. Flag bearing was a form of communication, especially since there was no way to differentiate between armies. It put the bearer in direct danger

Mention a few sarriyas, their key details and outcomes.

Sarriya of Hamza RA: targeting a Quraish caravan, forced to withdraw due to the presence of Majdi bin Amr from the tribe of Juhaina (peace treaty promised to Suraqa ibn Malik)

Sarriya of Ubayda ibn Harith: Targeting a caravan led by Abu Sufyan of 100 people. The first time an arrow was fired. Withdrawal from both parties, but the muslims returned with two muslims who were hiding their islam.

Sarriya of Saad ibn Abi Waqas: Targeting a Quraish caravan. They miss their target. Delayed by Saad losing his camel.

Mention the targets and outcomes of the following ghazwas.

Ghazwa of Abwa: Target - Quraish caravan returning from Syria, Outcome - missed the caravan but gained a treaty with a tribe near Abwa called Banu Dhamra

Ghazwa of Bawat: Target - caravan led by Uqbah ibn Abi Mueet, Outcome - missed caravan

Ghazwa of Ushayra: Target - extremely valuable caravan led by Abu Sufyan, Outcome - missed caravan

Ghazwa of Safwan: Target - man named Kuraz ibn Jaaber who stole cattle from a Madani pasture, Outcome - missed target *called the first of Badr because Safwan is near Badr.

What happened at the Sarriya to Banu Kinana? What was revealed and what is its main point?

The sahaba made two major mistakes: wrongly calculating the end of Rajab and misunderstanding the Prophet ﷺ's command. They end up attacking the caravan and killing a man. Soon after, the kuffar and jews made a scene out of the muslims violating the sacred months. Surah Baqarah 2:217 was revealed, enforcing that while the muslims are accountable, what the oppressors were doing was worse.

Topic: The Battle of Badr

How did the Prophet ﷺ figure out that the caravan of Abu Sufyan was returning from Syria? Who brought him the news?

The Prophet ﷺ had a system of spies which moved at regular intervals to bring information in real time. He sent Bas Basa bin Amr Al Juhni, who returned with the news of Abu Sufyan's caravan returning.

What dream did Atiqah bint Abdul Muttalib have? What was the reaction of the kuffar of Mecca?

Atiqah dreamt of a rider announcing their death in 3 days followed by a boulder crushing their houses. When Dham Dham bin Am Al Ghifari brought the news from Abu Sufyan of a possible raid, they all panic knew situations involving the Prophet ﷺ to come true.

Describe the incident of Shaytan's appearance in human form prior to the Battle of Badr.

Shaytan appeared before the tribe of Kinana as Suraqa ibn Malik (non-muslim leader of their allied tribe Banu Mudlij) to give them a false sense of confidence.

How did the Prophet ﷺ decide who could fight at Badr?

They had to be muslim, of age (minimum of 15 years old), physically strong, and not leaving behind any big responsibilities (ex: sick family)

How many muslims participated in the Battle of Badr? 313

What are 3 lessons we can take from the sahaba who were ready when the Prophet ﷺ left for Badr?

- 1: Being ready at the drop of a dime
- 2: Having little to tie you so that you are available when needed
- 3: Being eager to participate when the opportunity presents itself

What was the Prophet ﷺ initially targetting at Badr? Why did that not work and who did the muslims end up fighting instead?

They were initially targeting the caravan of Abu Sufyan. However, Abu Sufyan figured it out through kiyaaf (tracking) and changed his route. The muslims ended up facing the army of kuffar coming from Madina instead.

How many people were in the army of the Quraish? 900-1000

What can we learn about the Sunnah of Allah, from Abu Jahal pushing forward with his army despite not needing to? Which ayah was revealed about this?

Allah allows tyrants to continue until they make a decision which leads to their destruction.

Surah Anfal Ayah 47: *Do not be like those 'pagans' who left their homes arrogantly, only to be seen by people and to hinder others from Allah's Path. And Allah is Fully Aware of what they do.*

What did the Prophet ﷺ do after finding out that there was an army approaching? What was the wisdom behind that?

The Prophet ﷺ asked the sahaba their opinions, and he continued to ask until both the muhajireen and the Ansar had answered. This was wise because the Ansar composed the majority of the army, and they did not technically have to be as motivated to fight the Meccans. This gave them the opportunity to express zeal and raise each others morale.

What can we learn from the sahaba and their response to the Prophet ﷺ regarding the size of the army?

Accepting challenges with eagerness. Nobody will force you to do anything, you have to prove that you want it and can handle it.

Summarize the events of the Battle of Badr.

1. Leaving Madina to raid Abu Sufyan's caravan returning from Syria
2. Abu Sufyan realizes and changes course

3. Compacting the sand for the muslims
4. Making the mud slippery for the kuffar

Describe the sakina that descended on the muslims before/during Badr.

The sakina that descended upon them allowed them to sleep the night before. Many stayed drowsy through the battle, to the extent that sahaba were dropping their swords.

How did the muslims initially consider dealing with the captives of Badr? Why didn't they and what was the wisdom behind that?

Umar RA suggested killing all of them. Ayah of Surah Anfal was revealed prohibiting the massacre of captives. This shows the wisdom of Allah because it allowed the kuffar to be exposed to islam, otherwise they would have died non-muslim.

How were the muslims divided in their opinion on how to defend against the kuffar? What decision did the Prophet ﷺ end up making?

Elders: Stay in Madina and let them try to invade

Youth: Face them in the battlefield.

The Prophet ﷺ took the decision of the youth because they shifted the momentum, despite having the first opinion.

What were 2 actions of the munafiq that significantly affected the battle of Uhud?

- 1: Abdullah ibn Ubayy ran away with a party of 300 the night before the battle, decreasing the size of the army from 1000 to 700
- 2: Munafiq name Abu Amr dug holes in the battlefield, one of which ended up injuring the Prophet ﷺ's knee.

Which sahaba took the Prophet ﷺ's sword at Uhud? Abu Dhujana

- 3: These moments are what differentiate munafiq from believers
- 4: Losses are needed to humble a society and build gratitude
- 5: Uhud was to select shuhada
- 6: Allah was preparing the sahaba for the death of the Prophet ﷺ

Topic: Events of 3-4 AH

In what year was the final prohibition of alcohol? Debated between 3-4 AH

Briefly explain the incident of Raji'i.

A group of ten sahabi led by Aasim bin Thabit were discovered while in Mecca and forced to defend themselves. Aasim was killed in the process, and the attackers tried to sell his body to a woman who took an oath to drink wine from his skull. However Allah protected his body with a swarm of hornets and a storm buried his body the following day.

They took two living captives: Khubayb ibn Abi and Zaid ibn Dhatina.

During Khubayb's public execution he made dua against the onlookers. Several of them accepted islam after his death. He also set a tradition by praying two short rakats before anticipated death. Zaid was asked if he would switch with the Prophet ﷺ and he said he wouldn't want the Prophet to feel even a thorn's prick to save his own life.

Miracles from the incident of Raji'i

Allah protected Aasim bin Thabit's body with hornets, and buried him during with storm. Khubayb was seen with out-of-season fruits in his room while he was held captive.

What was the incident of Bi'i Maunah?

Banu Amr ibn Sa'Sa' requested that the Prophet ﷺ send teachers to his people. The Prophet sent Al Kurra a group of 70 scholar sahaba. However, the leader's nephew, Amr ibn Tufail, was angry about this. He gathered Banu Sulaym to attack and kill the scholar. 69 out of 70 died.

What was Amr bin Umayyah Al Damri's role in the aftermath of the two incidents? What did he do that led to another significant event?

He was initially sent to Mecca to spy on Abu Sufyan. While there he passed by Raji'i and saw Khubayb's body on the plank and brought it down, allowing him to be buried. Then as he passed by the well of Maunah and realized the massacre of the scholars. On his way back he encountered two members of Banu Amr ibn Sa' Sa' (the betraying tribe) and killed them out of anger. This violated the peace treaty, which led to the residents of Madina owing blood money. This was a catalyst to the expulsion of Banu Nadir.

How and why was Banu Nadir expelled? Mention the conditions they were expelled on. Which surah was revealed about them?

Banu Nadir was expelled in 4 AH after the Prophet ﷺ went to them to collect blood money. While he was seated with them he stood up abruptly and left. It was later found out that they were planning to kill him, and so the Prophet ﷺ placed them under siege and they surrendered.

Banu Nadir was given 10 days to leave. They were allowed to leave with as much property as their camels could carry (excluding weapons), leading them to dismantle their homes to take doors and wood. Surah Hashr was revealed in response to the event.

What year did the Prophet ﷺ marry Umm Salama? 4 AH

Topic: Command of Hijab

What was the context of the Prophet ﷺ's marriage to Zeinab? Why was it uncomfortable for the Prophet ﷺ?

Zeinab was married to Zaid ibn Haritha, the Prophet ﷺ's adoptive son. Although the Prophet ﷺ already knew he was going to marry her, he told Zaid not to divorce her. It was uncomfortable for the Prophet ﷺ because jahiliya customs viewed marrying your adoptive sons wife as immoral.

Which two surahs were revealed on the day of the Prophet ﷺ's marriage to Zeinab? What rulings do they contain?

Surah Al Ahzab and Nur. It also contains rulings on adoption, hijab and modesty, and protection of society from both internal and external sources of harm.

- 2: Understand the cause for current social decay
- 3: Avoid judgement and prioritize dawah

Topic: Expedition to Banu Musdaliq

What was the cause of the expedition to Banu Mustaliq? What were the outcomes?

The cause was rumors of them gathering an army. The Prophet ﷺ sent someone to confirm, and shortly after led an expedition. Banu Mustaliq surrendered quickly and the muslims took both captives and spoils.

Which important figure was among the captive of Banu Mustaliq? How did she negotiate her freedom and how did that benefit her tribe?

Juwairiya bint Al Harith. She was the daughter of the chief of Banu Mustaliq. She negotiated her ransom using her noble status, and the Prophet ﷺ offered to marry her. After they married, the sahaba also released her tribe from captivity out of respect for them as the Prophet ﷺ's in-laws.

Who was the leader of the munafiq? When did he expose his hypocrisy and how was he dealt with?

Abdullah ibn Ubayy, during the return from Banu Musdaliq, made several comments about expelling the muslims. An ayah was revealed mirroring his statement, the Prophet ﷺ left him alone, and his own tribe started admonishing him.

Briefly describe the slander of Aisha RA.

Aisha RA was accompanying the Prophet ﷺ on an expedition. When they were returning, she walked away from the group to use the bathroom and they ended up leaving her behind. She was found by a sahaba named Safwan bin Muattil who then escorted her back home. However people made rumors about them. Aisha eventually found out and cried but did not say anything else. When the Prophet ﷺ finally sat in her house, he got wahi clarifying her innocence.

Which surah was revealed in response to the slander? What other ahkam were in it?

Surah Al Nur. The revelation brought the rulings on zina, accusations of zina, presentations of witnesses, and rules of privacy.
